

**TYNEDALE TIGERS JUNIOR CRICKET CLUB  
2020 SEASON REPORT**

**PLAYING**

A delayed start to the season however we were lucky with the weather once cricket was allowed to start and managed to run junior training on a Thursday (U13), Friday (U9, U11 and U12) and Sunday afternoon (U15). All sessions were well attended, thanks again to the coaches and volunteers who enabled so many children to play cricket in the most strange of years.

We had 109 juniors registered (99 boys and 10 girls).

Unfortunately the usual U9 county festivals were cancelled as it was not thought that they could be run in a Covid secure way. We ran 2 x U11, 2 x U13, 2 x U15, U18 teams who all played in a restructured local format of the Northumberland Juniors Cricket League.

All Stars and Dynamos cricket did not run due to Covid.

Unfortunately the National Cup that the U13s and the U15s normally play in were cancelled.

Lots of juniors played senior cricket for Tynedale and for local West Tyne League clubs.

The following players represented Northumberland during the 2020 season  
James Martin-Dobson and Owen Forbes (U11) Ted Fletcher (U13), Josh Wallace (U13 MCC Hub), Archie Fletcher, Jake Robson, Zak Old and William Marrow (U15), Seth Robbie (U15 MCC Hub) Matthew Scott, Adam Newton, Sam Peter and Oliver Fletcher (U18) Amy Scott, Willow Richardson and Ella-Mae Penny (U13 Girls).

**COACHES**

Thanks again to all the volunteer coaches who help run training nights and matches and to all the young sports activators who provide invaluable help with the U9 coaching sessions.

**FINANCE**

The junior section is in a reasonably strong financial position. The points to note from the accounts for last season are:

Income £2952  
Expenses £3752  
Loss/Profit for year (£800)

Please note the majority of subscriptions were collected via the senior Club bank account due to Covid and the need for reduced contact.

Bank Balance £9,433.75 (1.9.2020)

Thank you to Gina Marrow who has done a fantastic job as treasurer.

J Fletcher  
Chairman
